I agree that I will be bound by the terms of the prepaid debit card agreement and disclosure which will be furnished to me. I agree to surrender the card upon demand.

Signature Date

The card with unlimited uses gives you the power to manage your money! You pre-fund your card with a specific amount of money, so you control your spending. Use it for online shopping, ATM withdrawals and anywhere else that Visa is accepted.

It's easy to use and manage with either a click of a button, visit or call to the Credit Union. When your card is running out of funds, re-load it by going to www.cumoney.com, by bringing the card to any branch, or by calling the Credit Union with the card's information. Pay only 50 cents each time you re-load it!

Fund it. Spend it. Track it. Once you've put funds on the card and begin using it, you can track your spending with the internet management tool. You will always know how much you've spent, where you spent it, and how much is left on the card. It's an easy way to stay within your budget or to track your child's spending.

Safer than carrying cash. Our prepaid debit card is safer than carrying cash since it is not tied to your checking or savings account. If it is lost or stolen, you won't have any risk to your Credit Union account.
